VOLUNTEER OPPORTUNITIES

Dear Valley Park Families:

The Valley Park School District welcomes the involvement of parents/caregivers and community members in our schools. Volunteers are essential in assisting our outstanding staff and providing real-life, limitless learning experiences for our students. Our students benefit when a parent/caregiver, business owner, or other community member shares their talents and experiences with our learners.

The district offers many volunteer opportunities, from short-term, one-time events to longer-term commitments and committees. You are encouraged to become involved with the Valley Park School District and help us fulfill our mission of providing a safe and supportive environment of belonging where personalized learning experiences prepare our students holistically for limitless opportunities, empowering them to make the world a better place.

Some of the volunteer opportunities currently available include:

- Career Fair & Classroom Guest Speakers
- Volunteering at Athletic Events
- Volunteering in Schools
- Facilities Master Plan Committee Volunteers
- Teaching & Learning Committee Volunteers

[Please click here to learn more about volunteer opportunities](#) and complete the interest form by **July 15, 2022**, if you are interested in sharing your time and talent with us based on your skill-set, interest level, and availability.

At this time, you are only committing to having an interest in serving. As committees are formed, volunteers are needed, and meetings and events are scheduled, a district or building administrator will connect with you for more details and determine your ability to commit. In addition to committees and selecting volunteers, we will review the interest forms and select group members to ensure each group contains proportional representation from our community to include as many stakeholders as possible. Regrettably, we will not be able to accept every applicant. However, we will continue to provide opportunities for our community to add their voice through surveys, focus groups, and volunteer opportunities in the future.

As part of our strategic plan, we are committed to collaborating with our families, community, and business partners to ensure the vibrancy and future of the Valley Park School District and become a united, inclusive community working towards a common goal. If now is not the right time for you to commit to volunteering, please know we intend to inform our community of opportunities annually each

summer and as opportunities for participation increase in the years ahead. We value input from all of our stakeholders on initiatives, and we encourage you to get involved when the time is right for you.

Thank you for your thoughtful consideration. We look forward to collaborating with you to develop productive members of our community who demonstrate integrity, empathy, responsibility, and kindness to make the world a better place.

Sincerely,

Dr. Timothy M. Dilg
Superintendent
